

Bangkas
Is there a boat available?
When does it leave?
And how much is the fare?

BILIRAN PROVINCE STATE UNIVERSITY

BANGKAS

A Digital Sea Travel Booking Platform for Trips to and from Naval, Biliran

TEAM TIDES

THE PROBLEM

Booking a boat still means showing up and hoping.

No trip visibility

Passengers can't check routes, schedules, fares, or seat availability before reaching the port.

Manual, walk-in booking

Reservations still rely on in-person coordination with individual boat operators.

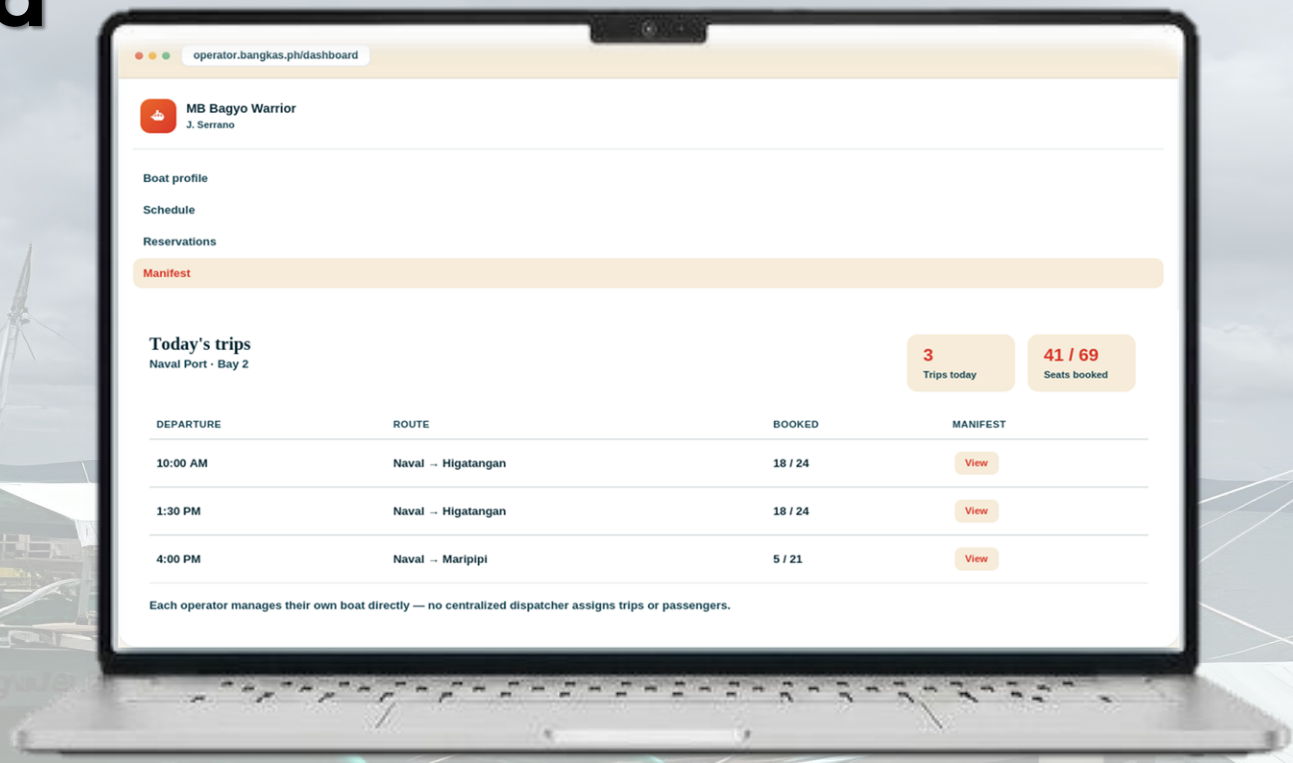

No emergency manifest

Passenger lists aren't organized digitally, making identification during emergencies harder.

OUR SOLUTION

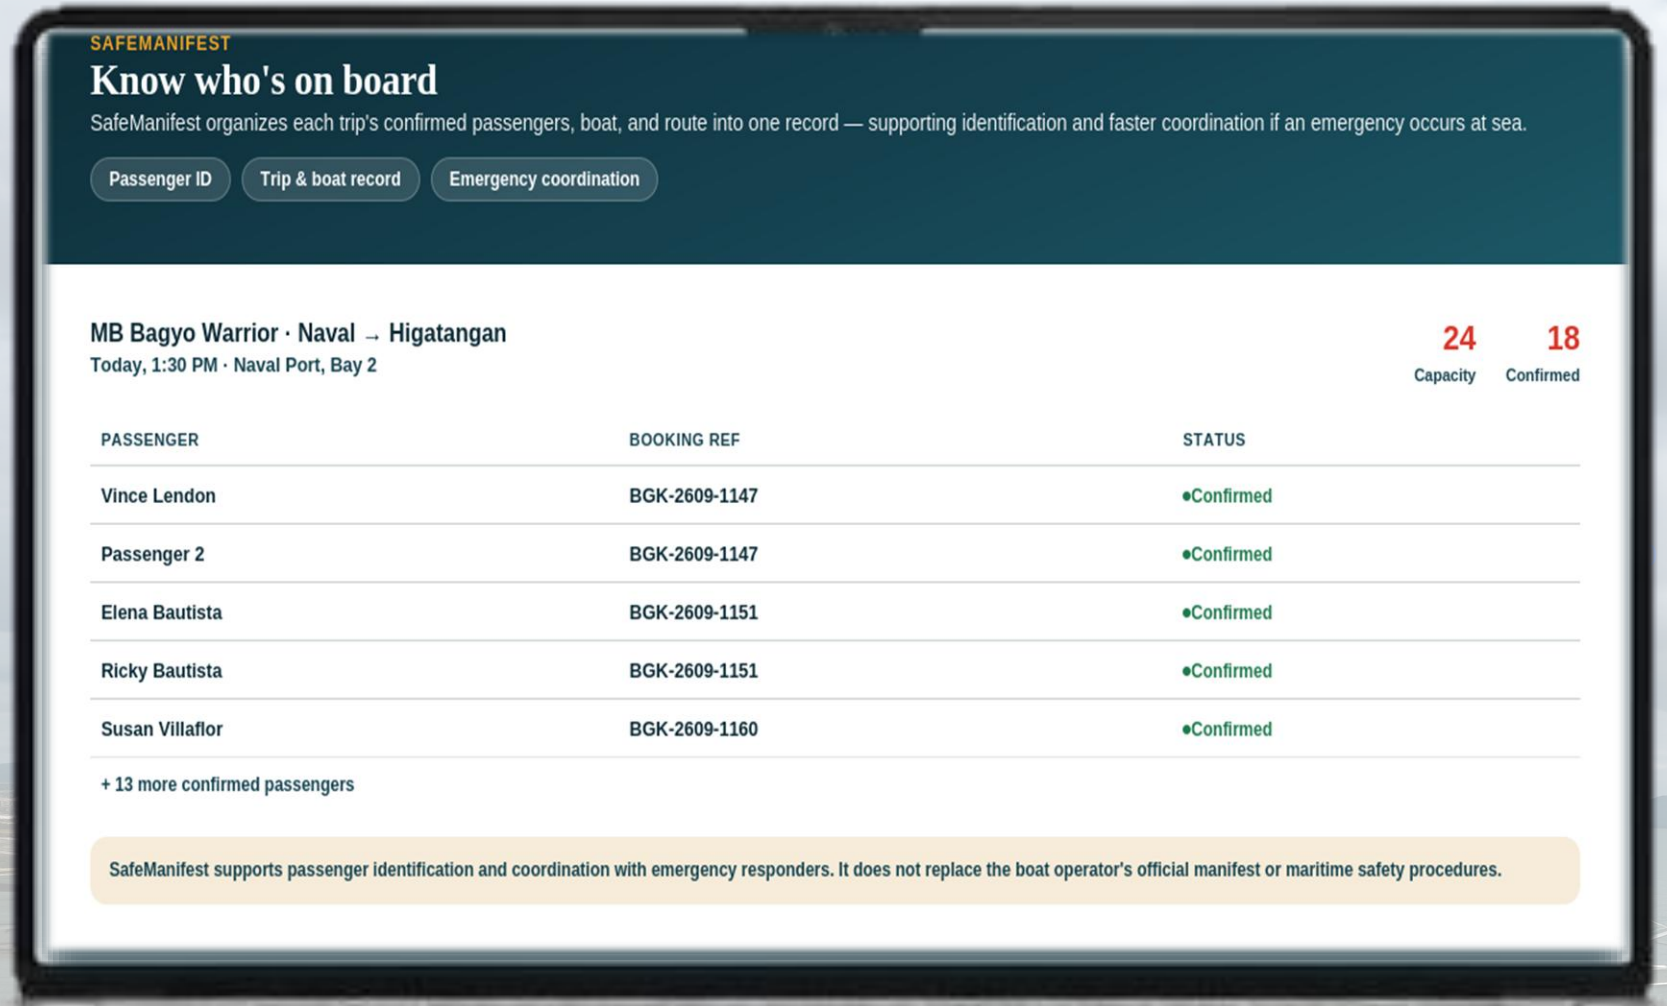

One platform. Every trip, every passenger, Tracked

1. View — Routes, schedules, fares & capacity
2. Book — Reserve a seat, get a unique reference
3. Travel — Pay on-board or at the counter
4. Protect — SafeManifest logs the trip roster

Bangkas

CORE CAPABILITIES

What Bangkas delivers

Digital Booking

Browse routes, schedules, fares & capacity; reserve a seat before traveling.

SafeManifest

Digital passenger manifest for identification & accountability in emergencies.

Hybrid Payment

Choose to pay online through the platform, or reserve digitally and pay at the counter.

Booking Window

Unconfirmed reservations expire automatically, freeing the seat for others.

OTP Verification

Secure, verified registration with a unique reference per booking.

Operator Dashboard

Operators manage schedules, capacity, bookings & passenger records in one place.

TARGET MARKET

Who Bangkas Serves

Passengers

Traveling local sea routes to and from Naval, Biliran — including Calubian, Maripipi, and Higatangan.

Boat Operators

Managing schedules, capacity, bookings, and passenger records for their respective routes.

Initial Routes

Naval ←→ Calubian

Naval ←→ Maripipi

Naval ←→ Higatangan

BUSINESS MODEL

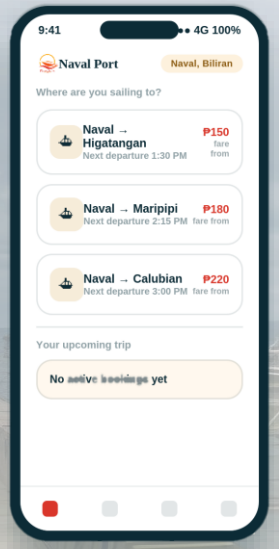

Transaction-based revenue

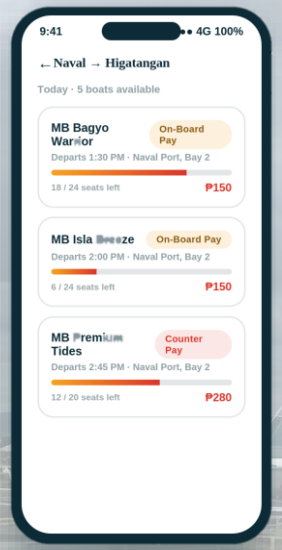

A small service fee applies to every confirmed booking made through the platform.

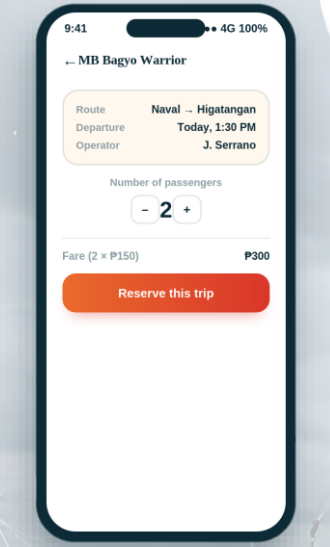

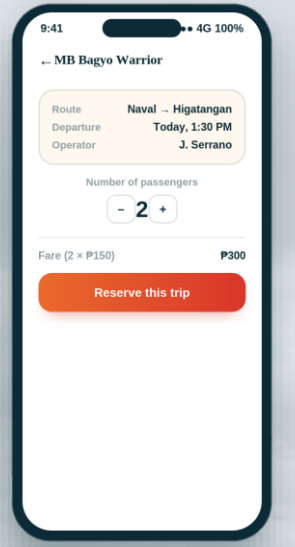

Future growth: partnerships with boat operators, tourism establishments, and payment providers.

INITIAL USER FACE

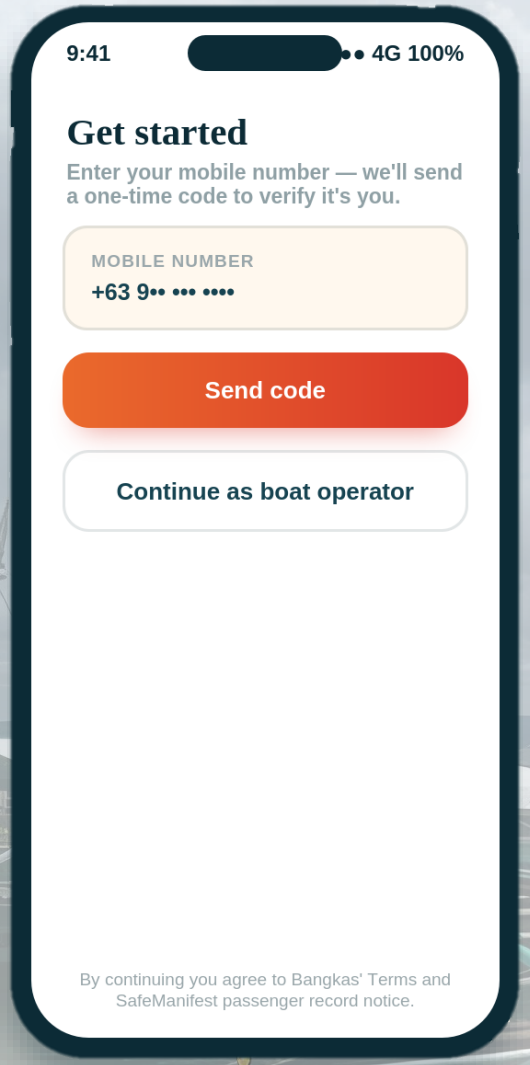

2016

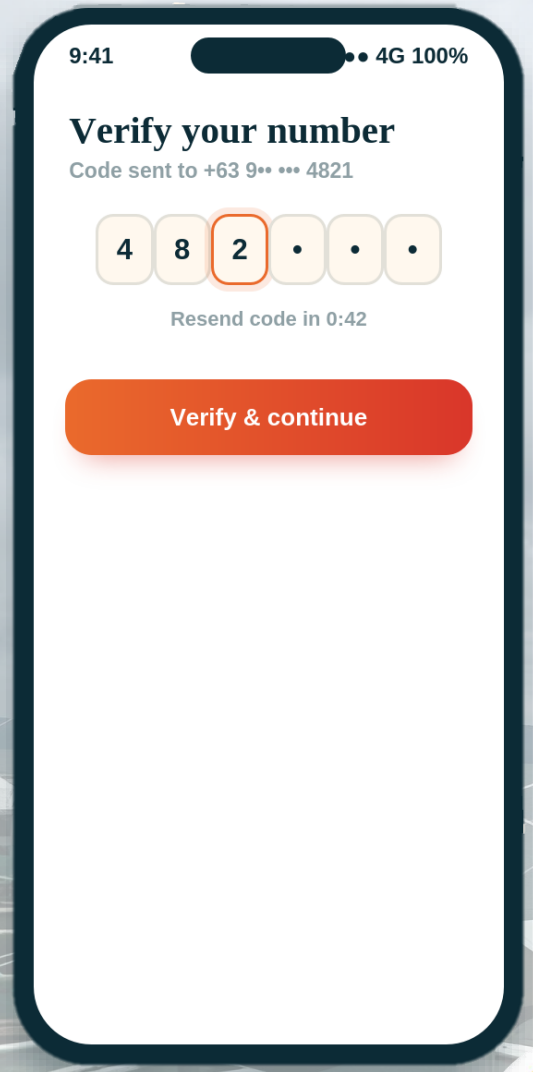

Bangkas

FEATURES

One-Step Identity

A single phone number identifies the traveler, and an **OTP verifies them** before the booking is confirmed.

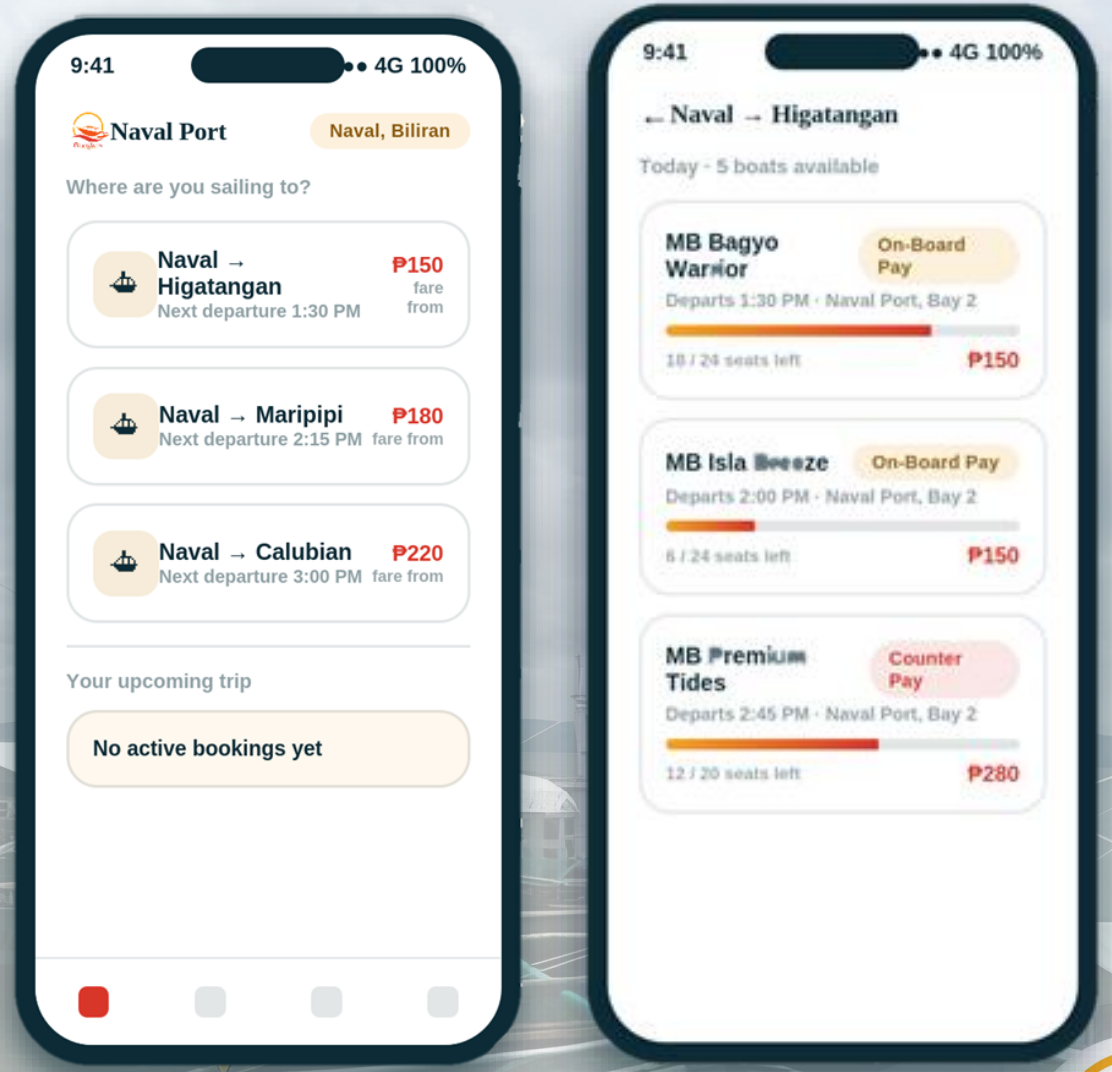

FEATURES

Smart Boat Selection

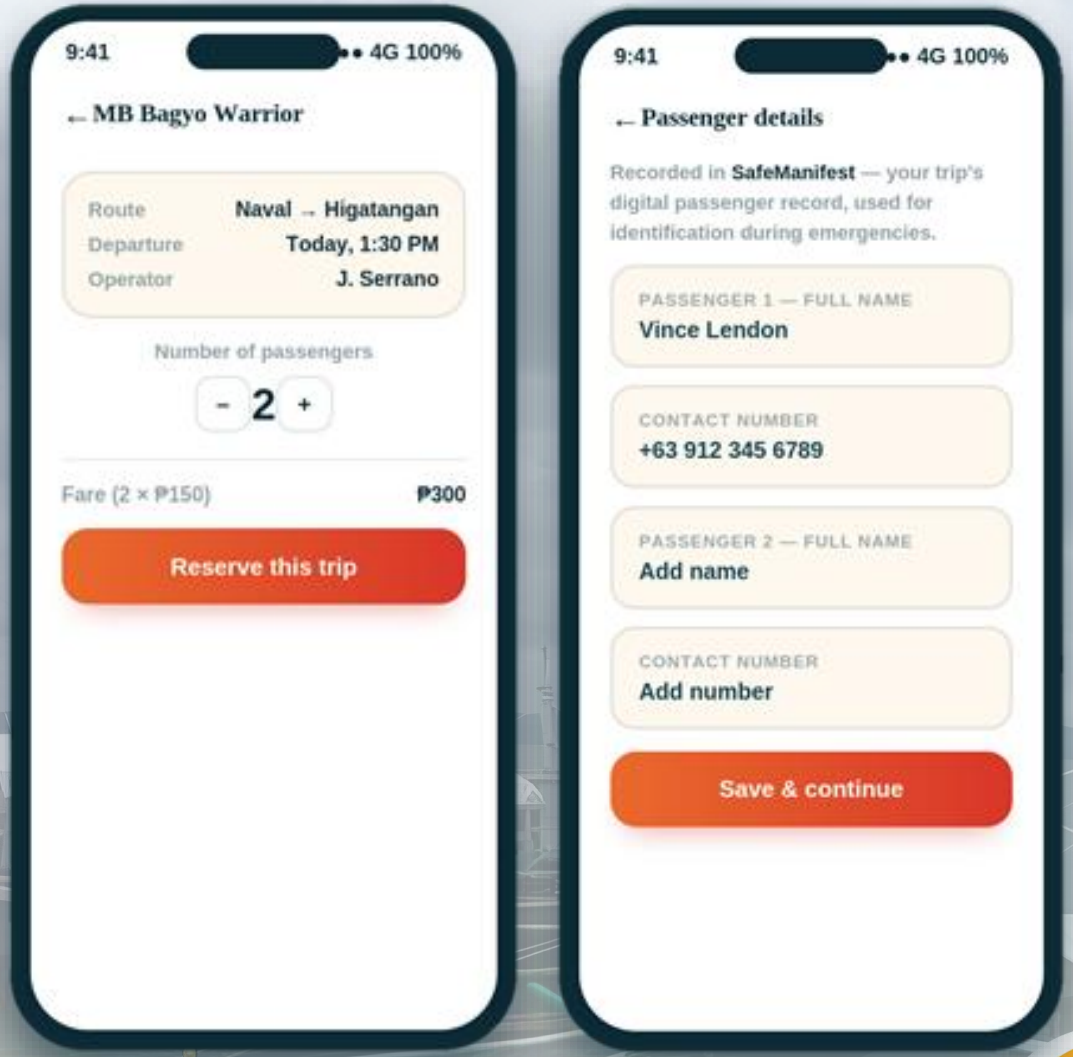

Shows live routes, next departures, fares, seat capacity, and payment options per boat for informed booking.

FEATURES

Integrated Booking & SafeManifest

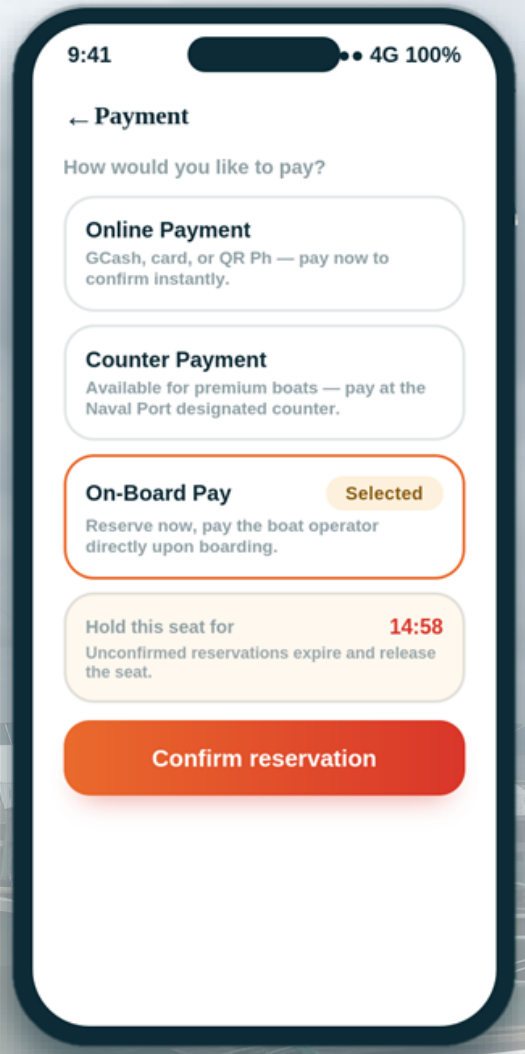

Simple booking with running fares, where confirmed passenger details automatically sync to SafeManifest.

FEATURES

Flexible Payment & Booking

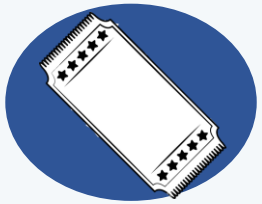

Pay online, at the Naval Port counter, or on board. Seats are held briefly, then confirmed with a reference number and QR code.

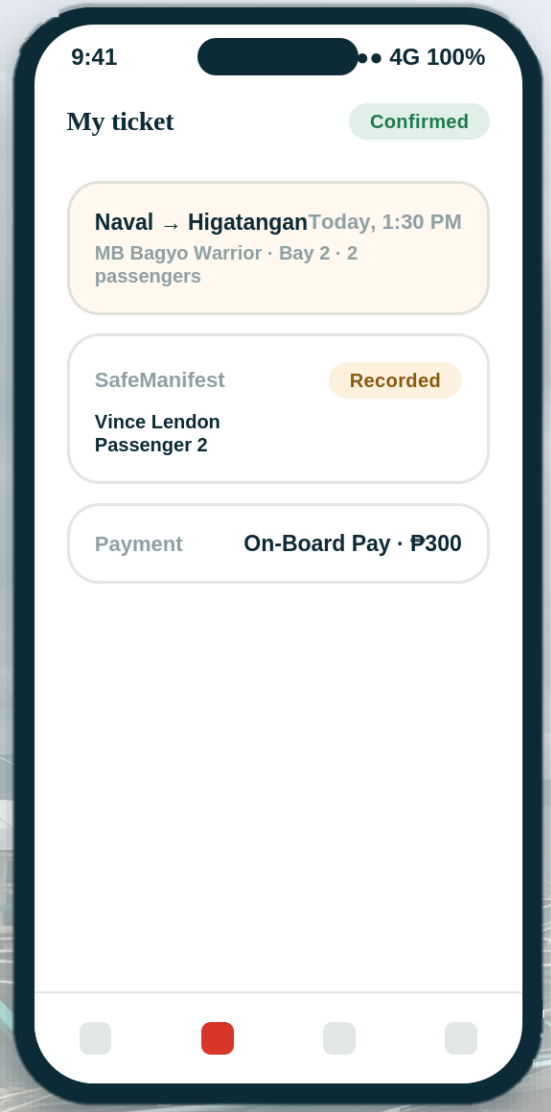

FEATURES

My ticket

Trip, **SafeManifest status**, and **payment** in one place at boarding.
